ABOUT SIERRA ARTS FOUNDATION

Sierra Arts is proud to present Open Studios 2023. We are excited about being able to host this event and to continue its great tradition of providing our community the opportunity to look inside the artist's studio.

Since 1971 it has been the mission of Sierra Arts Foundation to unify, inspire, elevate, and give voice to the arts and humanities in Northern Nevada through community driven programs, education, artist services, and advocacy.

With an emphasis on teaching, nurturing and supporting the arts and humanities in our community, Sierra Arts provides opportunities for artists of all disciplines and ages, as well as professional development, financial support, promotional and marketing assistance. Sierra Arts creates and manages spaces and venues throughout our community for artists to express the human experience through their work.
